

Deneb Medical ([www.denebmedical.com](http://www.denebmedical.com)) is a start-up based in San Sebastian (Spain) focused on the development of a first-of-its-kind surgical robot with a huge market impact potential. The company is backed-up by the European Commission and the Medtech Innovator organisation ([Medtech Innovator](#)).

Deneb is looking for a **Medtech Product Development Manager** that will lead the product development process. This is an excellent opportunity for an experienced manager with extensive background on medtech product development following the FDA and CE mark regulatory requirements.

The candidate will have a great degree of freedom to put his/her skills into practice in this solid start-up and contribute to the development of Deneb's surgical robotics platform.

Requirements:

- Master's degree in engineering
- +5 year experience in medtech product development following the FDA and CE mark regulatory requirements
- Fluent in English

If you are interested please send an email with your CV, academic record and cover letter to [info@denebmedical.com](mailto:info@denebmedical.com).
